Totals for 2016*****

Every year-I post the totals of animals/fosters/rescues and costs for this location of Animals for Awareness.

I want you ALL to see what your work has accomplished!

Wildlife Intake - 176

Release rate- 90% -OMG-that is fantastic!!!

Fosters - 31

Rescues -15

New permanent animals – 5

Adoptions -24

Guys-that's a total of 227 animals last year. More than many "funded" rescues!

This could NOT have been done without ALL OF YOU! I COUNT on you –each and every one of you. This is not something I could do by myself!

We work as a team-and we all become friends through our love of the animals. We are lucky to have so many people that help support us too thought out the year. With cat food drives, donation requests and the ongoing maintenance of the property we constantly need additional help~

And finally-the expenses. I must keep track of all expenses-we are a 5013C organization after all~

This total does NOT include MY animals-horses/dogs/cats/.birds etc.

\$16,310.68. That's a lot...we DID have building repairs this year, and a new Gazebo. But YIKES!!!
